

# DATA USE AGREEMENT WASHINGTON STATE DATA EXCHANGE FOR PUBLIC SAFETY

#### 1. PARTIES

1.1 This Data Use Agreement ("Agreement") is made and entered into by and between Washington State University ("WSU"), an institution of higher education and an agency of the state of Washington, and Law Enforcement Agency ("Department"). In this Agreement, the above entities are jointly referred to as ("Parties").

#### 2. PURPOSE and AUTHORITY

- 2.1 The purpose of this Agreement is to set forth the terms and conditions under which Department will provide, and WSU will utilize, certain Department data to establish and carry out the statewide use of force data program in accordance with chapter 326, Laws of 2021 and Revised Code of Washington (RCW) Chapter 10.118, hereinafter referred to as the Washington State Data Exchange for Public Safety ("WADEPS").
- 2.2 It is the intent of the Washington Legislature that WADEPS will serve the interest of increasing the public trust in law enforcement through accountability and transparency. As directed in RCW 10.118.040, the Washington State Office of the Attorney General (AGO) engaged in a competitive procurement to contract with an institution of higher education to implement the statewide use of force data program. WSU submitted a response to the request for proposal. The AGO selected WSU's proposal and awarded WSU a state grant agreement to carry out the development and management of WADEPS.
- 2.3 Under RCW 10.118.030, no later than three months after the AGO determines that the system procured under RCW 10.118.040 can accept law enforcement agency reports, each law enforcement agency must report each incident where a law enforcement officer employed by the agency used force and the use of force meets the criteria listed in RCW 10.118.030(1) in accordance with the requirements of the statewide use of force data program. RCW 10.118.030(3) further requires that each law enforcement agency must also report any additional incidents and data required by the statewide use of force data program. All reports must be made in the format and time frame established in the statewide use of force data program.

- 4.2 In addition to the Reports, which will be produced from data contained in the law enforcement records owned and retained by Department, the Department will either provide or, using the authorization form attached to this Agreement (Attachment A), authorize its associated PSAP to provide to WSU certain computer-aided dispatch data ("CAD data") necessary to carry out the statewide use of force data program.

PSAP Agency Name: PSAP Point of Contact for CAD Data Management Name and Title: Email: Phone:

- 4.3 All data elements required under the statewide use of force data program are listed in the Attachments to this Agreement. Data elements required under paragraph 4.1 of this Agreement are listed in Attachment B: WADEPS Data Elements. Data elements required under paragraph 4.2 of this Agreement (i.e. CAD data) are listed in Attachment A: Authorization for Release of Information to WADEPS.
- 4.4 The Parties agree this Agreement may be modified to include any additional incidents and/or data required to be submitted to WADEPS under RCW 10.118.030(3) by unilateral amendment provided that the Department receives at least thirty (30) days' notice before the first required submission of additional incidents or data.
- 4.5 Initial system implementation will utilize city-level information regarding incident locations. Once an automated process for geolocating and obfuscating address data to a block group level is implemented, WADEPS may request detailed incident address information. The Department will be notified of this change in accordance with Section 4.3.

# 5. DATA USE

- 5.1 Reports and CAD data are provided to WSU only for use in accordance with the use and storage conditions in this Agreement.
- 5.2 WSU will make a public-facing informational website known as the WADEPS data system containing de-identified data. This de-identified data will be associated with the use of force and police interactions with the public. The data will be available on the program's interactive dashboard for public access and download, adhering to all applicable data protection and privacy laws Departments will have access to the Data contained in WADEPS data system that is similar to the public access, and Departments will retain access to their data in its identifiable form for internal purposes via the WADEPS data system. Each officer will be assigned an automatically generated confidential linked ID, which will replace the officer's name.

## 6. DATA TRANSFER, FREQUENCY, AND DISPOSITION

- 6.1 Department must submit a use of force incident report containing the data elements listed in Sections 1–4 of Attachment B: WADEPS Data Elements to WADEPS within thirty (30) days of a use of force incident using the reporting form created by WADEPS. The data elements listed in Section 5 of Attachment B: WADEPS Data Elements concern review or investigation of a use of force incident. Submission of this data is not based on the date the use of force incident occurred. For these data elements, Department must submit the data using the reporting form created by WADEPS no more than 30 days after the review or investigation reaches a determination.
- 6.2 CAD data must be provided on a monthly basis. Within the first five business days of each month, Department or its associated PSAP will pull and submit a report containing the data elements for the preceding calendar year (midnight January 1 to the time of the data pull). As this is a year-to-date data pull, each subsequent month contains the prior months' data. WADEPS will create a secure data environment for each Department's data and provide the upload link to the specified point of contact.
- 6.3 As WSU implements and refines the WADEPS system, automated data transfer directly from Department or PSAP source systems may become available. Once available, the Parties agree that this procedure may be added to this Agreement by unilateral amendment.
- 6.4 Data that is submitted to WADEPS will be retained in the WADEPS system. At the end of the period of performance and if no time extension is executed, this Agreement will be assigned to the AGO in accordance with Section 10.6, Assignment.

# 7. CONFIDENTIALTY

- 7.1 To the extent allowed by law, WSU and the Department agree to not use, publish, transfer, sell or otherwise disclose any Confidential Information gained by reason of this Agreement for any purpose that is not directly connected with the purpose of this Agreement, except as provided by law; or with the prior written consent of the person or personal representative of the person who is the subject of the Data.
- 7.2 WSU and the Department acknowledge that both agencies are subject to the Public Records Act, RCW 42.56. If a Public Records Act request is made to WSU for the Department's Confidential Information, WSU will promptly notify the Department of the request, such that Department has the opportunity to seek a court order enjoining disclosure. WSU will work collaboratively with the

Department to identify any applicable exemption(s) to disclosure and appropriately redact the information to be released to the extent allowed by law. The release of data will be limited to only those records that must be released to comply with the request and the Public Records Act.

## 8. DATA SECURITY

- 8.1 WSU agrees that its security practices and safeguards meet or exceed the security standards of Washington State IT Policy 141.10 (Securing Information Technology Assets). WSU shall exercise due care and take responsible precautions to protect Confidential Information from unauthorized physical and electronic access ensuring the confidentiality and integrity of all data shared.
- 8.2 Each party shall exercise due care to protect the shared data from unauthorized physical and electronic access to ensure the Parties comply with all appropriate federal laws, Criminal Justice Information Services (CJIS) Security Policy as appropriate, and applicable provisions of Washington State IT Policy 141.10 (Securing Information Technology Assets).
- 8.3 WSU will have an independent external security assessment conducted every at least every three (3) years to enhance data security and integrity. This audit will be performed by a reputable thirdparty auditor specializing in data security. The auditor will assess compliance with Washington State IT Policy 141.10 (Securing Information Technology Assets), evaluate the effectiveness of WSU data protection measures, identify potential vulnerabilities, and recommend improvements. The audit findings will be used to improve WSU data security protocols and practices continually.
- 8.4 WSU will perform an internal security assessment at least once a year that will be conducted to ensure data protection and adherence to WSU data security policies, which meet or exceed Washington State IT Policy 141.10 (Securing Information Technology Assets. These audits will complement the external security audits, providing a comprehensive approach to maintaining data security and protection.
- 8.5 WSU will report any unauthorized access, use, or disclosure of Data shared under this Agreement that compromises the security, confidentiality, or integrity of the Data to Department within 72 hours of discovery. WSU will take actions to mitigate the risk of loss and any known harmful effects of such unauthorized access, including, but not limited to, notifying subjects and taking steps necessary to stop further unauthorized access.

# Attachment A: Authorization for Release of Information to Washington State Data Exchange for Public Safety

Through a competitive procurement authorized under Revised Code of Washington (RCW) Section 10.118.040, Washington State University (WSU) was selected to establish the statewide law enforcement use of force data program, which has since been named the Washington State Data Exchange for Public Safety ("WADEPS").

In order to facilitate its participation in the statewide law enforcement use of force data program, <u>[law enforcement agency]</u> requests and authorizes that <u>[public safety access point]</u> provide to WSU the below-listed computer-aided dispatch (CAD) data on a monthly basis beginning the month following execution of this release until July 2028, unless terminated or extended by written notification signed by an authorized representative of <u>[law enforcement agency]</u>.

WSU (or such successor data custodian authorized by Washington State law) may only utilize the data provided pursuant to this authorization for purposes of the Washington State use of force data program.

Pursuant to the data use agreement between WSU and law enforcement agencies, additional data elements may be added as needed to support full operation of the WADEPS system. Law enforcement agencies and public safety access points (PSAP) will be notified of any additional data required to be submitted to WADEPS no less than 30 days prior to the change in data elements. No additional release is required for dispatch centers to supply the additional data elements.

Instructions to set up data transfer:

- WADEPS will provide each public safety access point (PSAP) with a unique link to securely upload the requested CAD data.
- To obtain the secure upload link, please contact WADEPS' Vendor Service Desk at <u>wadeps.vendor.servicedesk@wsu.edu</u>. When requesting the link, please provide the **PSAP name** (agency name) and the **name and title of the point of contact** responsible for managing CAD data at your PSAP. Once WADEPS receives this information, WADEPS will create a secure data environment for your PSAP and send the upload link to the specified point of contact.

Data Submission Requirements:

- All submitted CAD data must adhere to the format and standards outlined in the CAD Data Requested Table below. Please comply with the naming convention for fields.
- Within the first five calendar days of each month, pull and submit a report containing the data elements for the preceding calendar year (midnight January 1 to the time of the data pull). Data for incomplete months will not be displayed. As this is a year-to-date data pull, each subsequent month contains the prior months' data.
- WADEPS reserves the right to verify the accuracy and completeness of uploaded data. If discrepancies are found, WADEPS will notify the PSAP point of contact and request corrections.
